

HPS-1U-HMSXXX

Rackmount

SECURE

LOGIQ

Compact but powerful, Secure Logiq management servers have been optimised for mission critical databasing applications. Ideal for medium to large sized IP and HD surveillance Solutions with separate storage servers and high-end Access Control applications, the compact format saves valuable rack space whilst retaining the resilience of our larger servers with dual redundant PSU and Dual SSD's in RAID1.

FEATURES

- Up to 500GB (SSD)
- 32GB DDR4
- 8-core CPU
- Redundant PSUs
- On-board RAID1
- Fast DB read / write
- RAID1 OS Shared
- WINDOWS SERVER
- 2 x 10Gb LAN

TECHNICAL

Electrical /PSU

- 100 - 240V, 50 - 60Hz
- Redundant 1+1 300W
- 80 Plus Certified Gold
- FCC, CUL, CE,
- EN-60950/IEC-60950

Physical

- 43mm x 437mm x 550mm
- 17Kg

Enviromental

- OPERATING TEMP:
5 - 35°C (50 - 95°F)
- STORAGE TEMP:
-40 - +60°C (-40 - 158°F)
- HUMIDITY RANGE
8 - 90% non-condensing

CPU	Intel Xeon Silver
RAM	32GB DDR4 ECC RDIMM
GPU	ON-BOARD
GPU OUTPUT(S)	1 x VGA
NETWORK	2 x 10GbE COPPER RJ45
OS STORAGE	2 x SSD (RAID1)
OS	WINDOWS SERVER 2019
ACCESSORIES	POWER CABLES, RACK KIT, KB & MOUSE
STORAGE SIZES	250, 500 (GB)

THROUGHPUT

HIGH IOPS

STORAGE

UPTO 500GB SSDs

REDUNDANCY

RAID1

FORM FACTOR

IU RACKMOUNT

PROCESSING

MED-HIGH
