## HPS3-4U-MXX

#### Rackmount

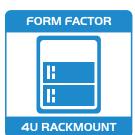

Designed exclusively for Enterprise HD surveillance applications the HPS3-4U-M series server range offers up to 512TB useable on-board storage and a host of mission critical resilience features as standard including dual redundant PSU's, advanced battery backed RAID redundancy, OS on SSD(s) and Secure Logiq's in house monitoring and alerting utility, Logiqal Health-check PRO. This product range is suitable for most small to medium camera count HD video surveillance applications.

# FEATURES

Up to 512TB
16GB DDR4
6-core CPU
Redundant PSUs
Hardware RAID
Battery backed RAID
2 x 250GB SSD (OS)
WINDOWS SERVER
2 x 1Gb LAN

<b>TECHN</b>	<b>ICAL</b>
Electrical	/PSU

100 - 240V, 50 - 60Hz Redundant 1+1 1200W 80 Plus Certified Platinum FCC, CUL, CE, EN-60950/IEC-60950

#### Physical

178mm x 437mm x 699mm 38Kg

#### Enviromental

OPERATING TEMP: 5 - 35°C (50 - 95°F)

STORAGE TEMP: -40 - +60°C (-40 - 158°F)

HUMIDITY RANGE 8 - 90% non-condensing

CPU	Intel Xeon 2236
RAM	16GB DDR4 UDIMM
GPU	ON-BOARD
GPU OUTPUT(S)	1 x VGA
NETWORK	2 x 1Gbe COPPER RJ45
OS STORAGE	2 x 250GB SSD (RAID1)
OS	WINDOWS SERVER 2019
ACCESSORIES	POWER CABLES, RACK KIT, KB & MOUSE
STORAGE SIZES	180, 200, 224, 252, 280, 308, 336, 364, 392, 420
	448, 480, 512 (TB)
